

Shridhar Marri

CEO + CoFounder, Senseforth.ai

Shridhar Marri is the CEO and Co-Founder of Senseforth.ai. A PhD Scholar in Conversational AI, Shridhar has co-founded Senseforth.ai in 2015 with a vision to make technology more human like. Senseforth.ai is an artificial intelligence platform that mimics human cognitive abilities and performs a range of tasks just like humans. Under Shridhar's leadership, Senseforth.ai became a leading Conversational AI Platform ranked in the Global Top 10. As an alumnus of IIM, Calcutta and National Institute of Design, he brings on board a unique blend of B-School strategy and D-School thinking.
