

Company Profile

Vivriti Capital is a fintech NBFC that aims to bring necessary debt finance to hundreds of mid-market enterprises across India. Vivriti Capital has, over the last 5 years, built a highly successful franchise, with INR 3,000 crores of portfolio, as well as 300+ clients across 30+ sectors and 26 states. Vivriti has demonstrated industry beating performance - AUM has doubled and profits have tripled each year over the past 4 years. As an icing on the cake, non-performing assets are as low as a quarter percent.

Achieving the above has required tremendous investment in technology, underwriting and distribution. Vivriti's team criss-crosses the country to find opportunities and understand its clients better, while its technology and data science teams simultaneously try to make sense of thousands of data sets. With a highly varied product suite, Vivriti enjoys 90%+ client retention. A 100+ member highly charged team has delivered these unparalleled numbers in the most challenging macro environment that India has seen.
